

Dear Parents/carers and Year 3 children:

Our Learning Challenge question is history based. We are learning about early man in Britain.

As Scientists we will:

investigate the human skeleton and the muscular system. The learning challenge curriculum ties in with our main theme and asks - Could we out run a mammoth?

As Believers we will:

begin an exploration of other belief systems beginning with Islam.

As Authors we will:

be deconstructing and exploring stories with a familiar setting, with the aim of writing our own stories.

Would you step back into the ages?

As Artists we will:

be working on making our own masks.

As Citizens we will:

learn about tolerance of other beliefs and ideas.

As Readers we will:

continue to discuss our love of reading, as well as develop our deduction and inference skills.
