

Dream big. Love God. Live well.

Hello 5T

I hope you are all keeping safe and you are not too bored. I am so bored! I have read three books already and have planned lots of fun things for us to do when you get back! It is a scary time, but if we all follow the rules of staying at home, hopefully we will be back to school soon. I certainly look forward to seeing you all again soon. My own children also hope we go back to school soon, as I am making them do extra schoolwork. They are not happy.

I will be sending out my next newsletter on Monday 20th April 2020, so keep a look out for that. I will try to add a challenge each week.

Take care 5T.

Mrs Thomas

Home Learning

I hope you are all working on your home learning booklets? In addition, I would like you to complete the tasks below this week.

- Purple Mash times tables games. I have allocated you all some times tables games on Purple Mash. If you can, please have a go at these. If you do not have access to Purple Mash, please practise your times tables in another way. If you feel you are confident, get someone to test you.
- Spellings. Please practise the following 10 spellings – accommodate, accompany, according, achieve, aggressive, amateur, ancient, apparent, appreciate, attached.
- Practise your number bonds to 20 (my Maths group) or 100 (Miss Lavery's Maths). How many different calculations can you come up with to make 20 or 100?
- PE – it is important to keep fit, even though you are at home. One really good way to do this is by following Joe Wicks on Youtube. He does a daily workout you could follow.
<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>
- Read. You should still be trying to read at least three times a week. This can be your school reader or a book of your own. If you prefer, there are lots of Authors/teachers reading aloud books online, you can find and listen to one of these.
- Weekly Challenge – I would like you to have a go at baking or cooking for your family. You will need the help of an adult. Take a photo and I hope to get an email address up and running in the next few days so you can send pictures.

Keeping Safe

Remember, you should only be going out if it is essential. You are allowed to go out for exercise once a day (with someone else from your household), but not to meet up with your friends. You are also allowed to go to the shops for essential items or for medical reasons. You should not be going to see friends or family that do not live with you. When you do see other people, you should keep around 6 feet away from them.

If you have any worries, there are still people available to help you. If you can, talk to an adult you trust or an older brother or sister.

Organisations such as Childline (0800 1111) are still open for support if you need them.
