## **Evidencing the Impact of the Primary PE and Sport Premium**

Bishop King Sports Premium Funding 2019/2020

Commissioned by **Department for Education** 

**Created by** 

the quality of PE and sport they offer. This means that you

Schools must use the funding to make additional and sustainable improvement should use the Primary PE and Sport Premium to:

PETZI

- · develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit <u>gov.uk</u> for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend. Under the <u>Ofsted Schools Inspection Framework</u>, inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively <u>governors</u> hold them to account for this.

Schools are required to publish details of how they spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment. We recommend regularly updating the table and

publishing it on your website as evidence of your ongoing review into how you are using the money to secure maximum, sustainable impact. To see an example of how to complete the table please click <u>HERE</u>. Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

| Key achievements to date:   | Areas for further improvement and baseline evidence of need:        |
