

The games we play!!!

Sharing of outside games between
Bishop King and our partner schools in
Uganda and Italy.

The children in Uganda sent us a video of an outside game that their younger children enjoy playing when outside.

The children in both Nursery and Reception at Bishop King had a go. They found it very tricky.

We recorded children from Bishop King Nursery completing one of their favourite outside games- Duck, Duck, Goose. We sent the video's to the other partner school for them to have a go at playing the game.

We sent the video's of our children playing the game to our partner schools and the below description.

Duck, Duck, Goose is a classic children's game played with a group of people in a circle. One player, the "it" or "goose," walks around the circle tapping each player on the head while saying "duck". When "goose" is said, the tapped player becomes the "goose" and chases the original "it" player around the circle, trying to tag them before they can sit in the goose's spot.

The children in Reception recorded another traditional outside circle game for the children in our partner schools to have a go at.
