

JUNIOR EYES

BE AWARE - BE SAFE!

Information and advice on community and safety issues in one little booklet.

An ideal guide for the young.
Recommended age: 7-11 years.

PART 1

Junior Eyes takes Pride in supporting Youngsters in the Community

My work with the Grantham and District Neighbourhood Watch Association and as a Police Volunteer has given me a real flavour and understanding of the importance in creating and maintaining a community that cares.

Fostering a community spirit goes far in achieving a safe, secure and pleasant place in which we all want to live. What better place to start than our young people of today. And so JUNIOR EYES was born. A booklet with a dual purpose. To advise youngsters on specific topics, encouraging them to feel safe, secure and confident in their environment. To inspire and encourage them to be caring, respectful members of the community.

This booklet is primarily for your youngster but I hope they will share it with you too, using it as a useful vehicle to open up on a topic that may otherwise be difficult to discuss. I hope it proves to be a useful read.

The team that have worked with me are widespread. From professionals in their own field to school pupils; each have been amazing in their support for this project. I'm indebted to you all. Special thanks to Neighbourhood Watch,

at District and County level for their monetary contribution, to Lincolnshire Police personnel who have given me much encouragement and support with particular thanks to Lincolnshire's Police and Crime Commissioner for securing the first publication in 2014 by providing grant support.

Helen Bill

*Chair - Grantham and District
Neighbourhood Watch Association*

Endorsement

Our children are overwhelmed with information from so many sources, particularly social media and friends, and so often it is wrong or misleading. I applaud Helen and the Junior Eyes project in developing an informative easy to read book, that informs and signposts our young people, reducing the risk and helping them make informed decisions. Our young people are our future, let's ensure they are safeguarded and able to take advantage of every opportunity.

Superintendent Mark Housley

*Assistant Director Safer Communities
Lincolnshire County Council and
Lincolnshire Police*

The Police and Crime Commissioner
for Lincolnshire

WELCOME!

Welcome to your very own
information booklet.

We hope you enjoy the read.

Use it as a starting point to look at
the things around you.

The first part is all about
community safety, awareness and
advice for youngsters just like you.

THEN

WHAT IS BULLYING?

Bullying is when someone hurts, upsets or frightens you again and again on purpose.

STOP BULLYING
IN LINCOLNSHIRE SCHOOLS

Bullying can be:

- When someone kicks, hits and punches you or when someone hides or takes your things.
- When you have been teased or when people say nasty things about you.
- When you feel sad because you are left out of groups of friends or no-one will talk to you.
- When you have nasty text messages or when people say nasty things about you on the internet.

Bullying is NOT when two people have a disagreement or fall out over something. It is usually... **Several Times On Purpose**

What can I do

Start Telling Other People

Bullying is really difficult to deal with on your own. There is always someone who can help.

Who can I tell?

Staff Teachers Or Parents

Friends can be really helpful but it's best to tell an adult. There are plenty of adults who want to help so don't worry about telling them.

What can I do?

- Don't let the bully see you are upset or crying.
- Don't get angry with the bully and shout or hit them.
- Look the bully in the eyes and tell them to go away and leave you alone OR don't speak to the bully and walk away.
- Try not to be alone, groups are harder to bully.

INTERNET SAFETY

Going online is great fun but we must always remember to follow these top tips to stay safe:

- Remember that people we meet on the internet are strangers. They may be really friendly but we don't know who they are.
- Never share personal information on the Internet, always keep your secrets safe - that includes your name, pictures and passwords.
- Always be nice to people you meet on the internet, just like you would in the playground.
- If you are ever worried or scared online, or if someone is being mean or trying to trick you - **always** tell an adult you trust - parents or carers, aunties or uncles, teachers or the police.

Learn more by going to the Lincolnshire Safeguarding Children Board website and click on the children and young people's section at www.lincolnshirelscb.org.uk

Watch videos and play games about internet safety by going to www.thinkuknow.co.uk

FIRST AID

What does it mean?

Well, it's simple really. It just means first help.

Helping sometimes means we need to call **999** for an ambulance.
See how much you know about first aid by answering our quiz questions.

If your friend had a nose bleed would you tell them to:

- a) Pinch their nose for at least 10 minutes
- b) Pinch their nose for at least 10 minutes and put their head back
- c) Pinch their nose for at least 10 minutes and put their head forward

If you saw someone choking, would you:

- a) Squeeze their tummy
- b) Ask them to cough
- c) Ask them to cough and hit them firmly in the middle of their back up to 5 times

If your friend cut their leg on broken glass, would you stop the bleed by:

- a) Pressing hard on their leg either side of the glass to stop bleeding, and get help
- b) Pulling the glass out and leaving it to bleed
- c) Pulling the glass out and pressing on the wound to stop it bleeding

WANT TO KEEP SAFE ON THE ROAD?

USE YOUR BRAIN AND THINK AGAIN

When do you think to stop, look and listen?

- When out with your parents?
- When out with your friends?
- When out by yourself?

USE YOUR BRAIN AND THINK AGAIN

- Do it all the time!

What do you think about taking to school?

- Your lunch, reading bag, sports kit/hairband, football, recorder/violin, tablet computer?

USE YOUR BRAIN AND THINK AGAIN

- Think about taking your senses.

Seeing, hearing, touching, smelling, tasting **AND** your common sense when you go near a road!

REMEMBER, when you are near the road:

- **DON'T** get distracted
- **STOP, LOOK, LISTEN** and **THINK** before you cross
- **HELP DRIVERS TO SEE YOU** - wear something bright and reflective
- **WEAR A SEATBELT** at all times in a vehicle
- **WEAR A HELMET** when cycling

and **USE YOUR BRAIN AND THINK AGAIN**

**Lincolnshire
Road
Safety
Partnership**

WATER AND BEACH SAFETY WITH THE RNLI

It's great to visit the seaside or countryside but remember the **SAFE** code around water.

- **SPOT the dangers**

- Check for hazards even if it looks like a safe place; not all dangers are obvious
- Consider what could be hidden under the water
- Check for tides and currents
- Be careful of unsafe banks, stay well back from the edge

- **Take ADVICE**

- Follow safety signs and advice
- Only swim at a lifeguarded beach in between the red and yellow flags
- Wear buoyancy aids or lifejackets when going afloat

- **Stay close to a FRIEND or FAMILY member**

- Go with your friends or family
- Friends can get help
- Never swim alone

- **Learn what to do in an EMERGENCY**

- Find the nearest phone and call 999 or 112 and ask for the Coastguard
- Shout loudly to attract attention
- Never enter the water to save a person or pet
- If you are in the water, stick up your hand and shout for help

The Royal National Lifeboat Institution (RNLI) is the charity that saves lives at sea. For lots more on the RNLI and games/activities, check out www.RNLI.org/shorething

ESCAPE PLAN

Plan A - How to get to safety

1. Get under the smoke, then you won't choke. Stay low at all times.

2. Get the door felt, so you don't melt. Use the back of your hand.

3. If the door feels cold it is safe to go through. Go through and close the door for 20 minutes more to stop the smoke spreading.

4. On the way out shout 'FIRE' to wake everyone up. Don't stop for anything or anyone.

5. Get out, stay out and call the Fire Service out. Their number is 999.

6. Don't return or you will burn!

Plan B - What to do if fire is blocking your escape

- a) If the door is hot you shouldn't go through it as the fire might be on the other side.

- b) Place something soft and thick at the bottom of the door to stop the smoke getting in.

- c) Go to the window and open it. Then shout 'FIRE' to raise the alarm. The Fire Service will come and rescue you.

What if your clothes catch fire?

STOP

DROP

ROLL

And remember to cover your face with your hands!

Check out: www.lincolnshire.gov.uk/LFR

WHEN SHOULD I CALL THE POLICE?

The Police service has two numbers that you can call:

999 for emergencies

Emergencies include the following examples:

- If a person is being hurt by someone else or has had an accident.
- If you think a person is committing a crime, like taking items without permission of the owner.
- If a crime has already taken place and the person responsible is still at the scene or nearby area.

If you make a call to Emergency Services, you will be asked to give your name, address and location, so we can record the details of the caller and know where to send help to you.

Don't be frightened to call Emergency Services; your phone call may save a life.

You can visit our website to find out more information:

www.lincs.police.uk

101 for non emergencies

Non emergencies include the following examples:

- Your house has been burgled, the burglar has left and you want to report it.
- Your property has been damaged by someone and you want to report it, like a scratch on the family car.
- You have lost your mobile phone, you want to report it as maybe someone has handed it to a Police Officer.

**CALL YOUR
LOCAL
POLICE**

101

**IN AN
EMERGENCY
ALWAYS
CALL 999**

LINCOLNSHIRE POLICE

DRUG AND ALCOHOL AWARENESS

Drugs are chemicals that affect your body or your mind and can change how you think, feel and behave.

All medicines are drugs, but not all drugs are medicines.

When you are ill the doctor will give you medicine to take and will tell you when you should take it and how much. These will make you feel better.

There are many more drugs which aren't medicines and using them can be very dangerous.

Both tobacco and alcohol are drugs and can be just as dangerous because of what they do to your body. You may have heard of other drugs such as Cannabis and Heroin.

Drugs affect people in different ways. Sometimes people become addicted to them. That means they cannot get through the day without them and will do anything to get more and they find it very hard to stop taking them. This can get them into serious trouble with the police as they may steal to get money to buy more. It can also make them very ill and sometimes kill them.

THINK RESPECT

Have fun but think of others too -

Maybe sometimes YOU do things that are unacceptable. Maybe what you think is a harmless prank, a bit of fun, annoys and upsets someone else. We all need to think about this and be responsible for our own actions. Treat people, property and your surroundings with respect.

What about you?

District Councils have a Community Safety Team who work closely with the Police and other agencies. They deal with complaints of anti-social behaviour and help to make our neighbourhood a pleasant place to live.

Are there sometimes unacceptable activities happening in your community?

- Dumping Rubbish
- Excessive Noise
- Vandalism
- Being a Nuisance
- Verbal Abuse
- Writing Graffiti
- Bullying
- Smoking and Drinking while underage

It could be:

Any bad behaviour that upsets other people.

What is it?

Anti-Social
Behaviour

THINK, BE SMART, PLAY SAFE!

- P**ick a safe place to play. Parks and greens are best. Never play near roads or railway lines, on building sites or in empty buildings.
- T**ell them know where you are, who you are with and when you will be home.
- A**lways wear a safety helmet when you are on your bike.
- T**ell if a stranger scares you, make yourself heard. Tell your parents or carer right away.
- S**wimming, even paddling in rivers seems like great fun, but water can be very dangerous and you could drown. Be safe - stay on dry ground.
- A**lways find a safe place to cross the road and use the Green Cross Code.
- F**ire isn't fun, don't play with it.
- E**lectricity is very dangerous. Don't play near sub-stations or any type of cable.

PLAYSAFE

When you're out and about

THINK RESPECT...

You can make a HUGE difference to your community.

WHAT CAN I DO?

WOW! These JUNIORS are smart!

"A good community is where everyone helps each other to keep safe."

"Being together is better than being alone."

"We have good neighbours and friends we can trust."

"Nice people are caring, honest and respectful."

"My neighbours are nice people and they look after our property when we go on holiday."

Here's what some Juniors said:

It can mean people brought together by a religion, hobby, common interest, social event, education. Most of us would say it's a group of people in a particular area where we live, our neighbourhood.

So what actually is a community?

Town, village, large, small, wherever you live you live in a community.

What is it?

ME AND MY COMMUNITY

What is it?
What can I do?
Playsafe, puzzles
and more!

So let's take a look...

Me and My Community

OK so you've flipped!
Welcome to Part Two
